If you do not have your own insurance, Highland will deduct for each coverage you do not carry. Highland can provide recommendations on how you can obtain Workers' Compensation Insurance. Please note it is much more economical for you to carry your own insurance. Regardless of the number of employees you have, each company working for Highland will be required to provide proof of insurance or it will be deducted as listed below.

- **Workers' Compensation Insurance** - All subcontractors must maintain a minimum \$500,000 of Workers' Compensation Insurance coverage. Subcontractors will be responsible for providing an updated proof of insurance certificate. Highland may withhold payment until a current certificate is provided. Subcontractors who do not provide a current certificate will have insurance deducted at a rate according to your trade, between \$11-\$22 per \$100, 11%-22%, of invoice.
- **General Liability Insurance;** All subcontractors must maintain a minimum \$1,000,000 of General Liability Insurance coverage. Subcontractors will be responsible for providing an updated proof of insurance certificate with Highland listed as an additional named insured (See Attachment 1,

Sample Certificate). If the certificate is not received or is expired, Highland will withhold or reduce payments. Subcontractors who do not provide a current certificate will have insurance deducted at a minimum rate of \$25 per \$1000, .025%, of amount owed. Any changes to your General Liability Insurance information must be communicated to Highland immediately, including any renewals, lapses, or changes in insurance carrier.

- Vendors will be paid by direct deposit (ACH) or by credit card according to the Friday subcontractor pay dates. (See Attachment 2, current year Subcontractor Pay Schedule)
